

Hi,
I was inspired by paint chip cards for this Easter Spread. I love paint chip cards. I think it's such a waste to have all that amazing color just sitting at the hardware store doing nothing.

You can use these as a traceable for your Bible Journaling or you can cut them out and use them as Bible bookmarks or color them and add them to your faith journal.

My thought was to leave the images and the words white and color in the backgrounds going from dark at the bottom to light at the top.

I hope you find my Easter Spread a helpful tool so you can have some awesome quiet time with the Lord and thank Him for Easter and that we can be with Him in Heaven for eternity.

I'd love to hear from you and see your finished work. If you have questions or suggestions for future stuff drop me a line at blessinks@live.com

Blessings,

Marsha
