About this Journal

This journal has been designed to improve our Sketchnoting Skills while we take time to savor the Word and strengthen and expand our sketchnoting skills doing fun summer camp activities. Grab a friend or two and your kids and let's doodle this together!

Questions? Ask Marsha at blessinks@live.com

Visit www.blessinks.com on Mondays for a quick video that will further explain the weekly challenge and I'll show you my journal.

Can't wait to spend the summer with you!

Before we get started-*prework*

-Practice this font. Let's get good at this font for our projects this summer

Develop a few patterns and a few borders

Pre-work - fill this page with summer icons

Challenge 1 - Make a plan: Write down Your Summer Bucket List

Think about what you WANT do to this summer (4-6 things) and make a list. Be as detailed as you can. Write them in the summer font you practiced, and of course each item on your list needs to have an image to with it. Color in this page and add one of your summer fun borders

A large grid of graph paper with blue lines, intended for writing a summer bucket list. The grid is approximately 30 columns wide and 40 rows high.

Challenge 2: Art Time

On this page practice drawing flowers, leaves and vines you might want to use to fill in the wreath on the next page.

Find a translation of John 15:4 that you like and consider Abiding in Christ. Write the verse out in the middle of the circle and then create a floral wreath around the verse to finish this page. Color in your leaves and flowers or fruit.

Challenge 3: Nature Walk - Minute to win it

Supplies needed: timer. Go on a walk and find three interesting things from nature. Smaller things might be better for this challenge. For all three items you are going to draw them three times. Set the timer for 15 seconds, 30 seconds and 1 minute. For the first drawing you'll have to draw fast. so get the basic shape down, on the second pass you can add a few details and for the third time you can take more than a minute and take your time to draw in more details.

For the 3rd item, draw it in 15 and 30 seconds and then draw it larger in the next box taking your time. Also find a verse that relates to this object and incorporate the verse into your drawing. Keep it simple. You could write it above or below the object.

Challenge 4: Sing around the campfire

Think back to campfires you've been to - were the stars beautiful? Were the fireflies out? Think of a song that honors the Lord about the night sky, or stars. On this page practice making stars, clouds and the moon in different ways. On the next page choose one line from the song you chose and write it on the page and then finish the illustration with stars and clouds and a moon. Songs that come to mind for me are So will I by HillSong, Sometimes by Step by Rich Mullins,

Challenge 5: Scavenger Hunt

Let's go on a scavenger hunt through the Bible. Below are listed several words. Choose 5 - one for every day this week. Choose words that resonate with you.

1. Write the word at in the top of the box.
2. Find an icon to represent the word. Draw it in the middle of the box.
3. Find a verse that goes with this word. Write the verse below the icon.
4. If you have extra room add a border or doodle from your pre-challenge practices.
5. It's also fine to choose your own word - but it needs to be summer fun or camp related.

WORDS

summer	stat
fireflies	flip flops
forrest	canoeing
swimming	sing-a-long
hiking	picnic
crafts	traveling
relax	enjoy
refresh	sunshine
exercise	sports

Challenge 6: Craft time - Let's make a pinwheel

Nothing says summer like pinwheels. They are fun and easy to make. The template for this challenge is on page You can also use colored paper instead of white paper. Decorate the pinwheel on both sides and put them together and give them away to brighten someone's day. .

Supplies

- pattern on page or colored paper
- pens for doodling
- bamboo skewers or a paper straw
- Push pin or thumb tack
- 2 small beads or parts of an eraser to create space between the paper and tack to allow the pinwheel to spin.
- Glue or a hot glue gun .

Instructions

Cut out a 5" square template on page. It can be on colored paper blank. Doodle both sides with a verse and borders or patterns - maybe Phil 4:8, but chose any verse that is speaking to you.

1. Cut out the pattern
2. Cut lines in the corners. Stop where the lines stop.
3. on the backside, push the thumb tack through the middle hole.
4. then bring each corner to the center attaching each corner to the thumbtack where the circle is marked.
5. Do this for all 4 corners. Tack down with just a dab of glue.
6. Add a bead or small eraser to the thumbtack leaving room for the tack to attach to the straw. This provides space for the pinwheel to turn.
7. Take the thumb tack and attach it to the straw or skewer. If you're using the skewer soak it in water for 30 minutes. This should soften the skewer to accept the thumb tack. you could also dab a little glue to the thumbtack to keep it in place.

Time for reflection. How is your summer going so far? Reflect back on this past month and think about a time where you saw God's hand in your day. Journal about it. Draw a box around the journal thoughts then draw an image to go along with your reflection. Add a verse if you have room.
