

A perpetual calendar is a great way to keep track of special days like birthdays and anniversaries every year. For each month note the birthdays and other special days on the appropriate day of the month.

Then keep the calendar near and check out the upcoming special days this month. Then flip to next month's special days and celebrate another month of fun.

Supplies Needed

7 sheets of index stock (recommended)
Cardboard for backing 4.25" x 11" (optional)
1 small book ring
hole punch
scissors

Assembly

1. Print out pages all on card stock – single-sided
2. Cut sheets in half length – wise at 4.25"
3. Punch a hole in the center (dot indicates center) of each month. But to be safe you might just use the first one as a guide so all your holes will line up.
4. Insert book ring in hole. You could also use ribbon.

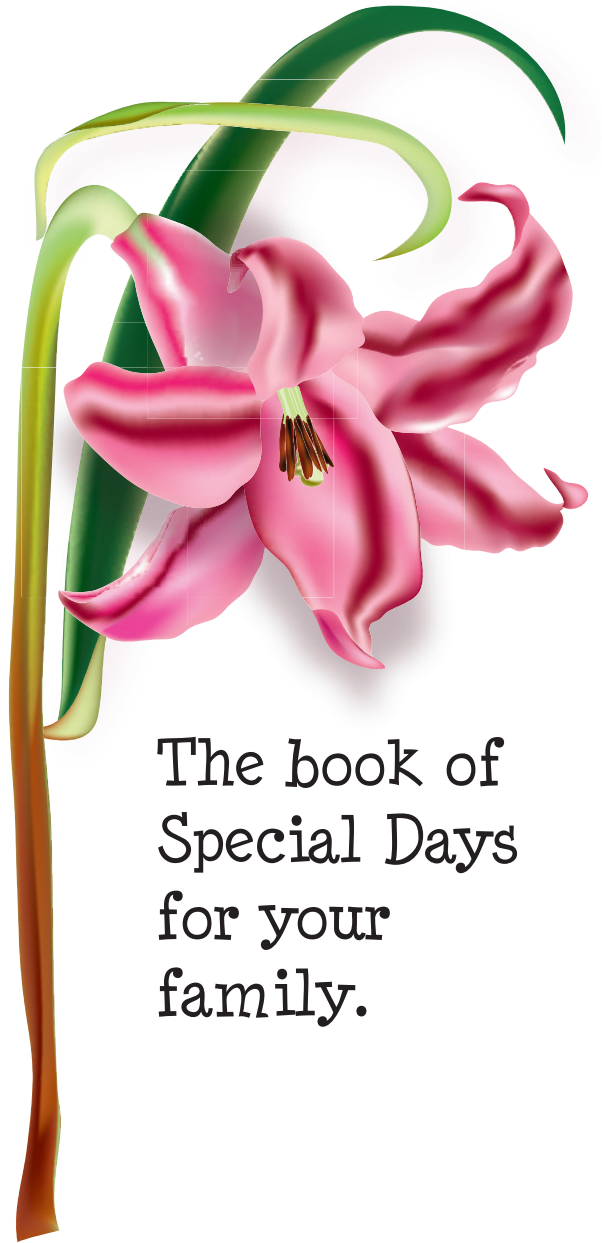

Special Days

1. Birthdays
2. Wedding Anniversaries
3. Baptism dates – or the day you got saved
4. Graduation dates
5. A day where the Lord really blessed you
